The developer has the right to exercise watering restrictions when upon the Developer's inspection and discretion it is found that lawn watering runoff is creating a nuisance to other property owners downstream or adjacent in the Development.

21. Finish Grading

The Developer's civil engineer has established grade elevations for the Property corners and drainage easements. No changes to engineering/grading are permitted without prior written consent from Developer.

22. Pursuant to Section C-2 of the Declaration of Restrictions and Covenants to Run with the Land for the Development, recorded in the Minnehaha County Register of Deeds Office, Ronning Enterprises, Inc., as developer, has established these architectural guidelines. Also, as set forth in Section C-2, Ronning Enterprises, Inc. reserves the right to change from time to time these architectural guidelines. These architectural guidelines are intended to serve as general guidelines for the building of residential housing in Copper Creek Heights but are subject to revision and to waivers of any particular guideline on a case by case basis, both at the discretion of Ronning Enterprises, Inc. In any event, the architectural plans for each house are subject to the final approval by Ronning Enterprises, Inc.
